## Why Margaret Green Animal Rescue?

As the oldest animal welfare organisation in Dorset, you may wish to support our Charity because we:

- Care without compromise
- Provide care for pets when owners can no longer do so
- Do not put an age restriction on animals in need of care
- Only rehome animals into caring loving homes
- Offer ongoing support to new owners after rehoming
- Provide lifetime care to animals when rehoming is inappropriate
- Rescue unwanted, abandoned and ill-treated animals
- Assist many local Councils to look after their stray dogs
- Do not put an animal to sleep unless it is suffering or dangerous
- Rehome over 1,000 of all types of animals each year

*Please help us if you can*

## All we need is love...

The heartache of saying goodbye to a dear friend can be very distressing for both of you but knowing that your pet is going to another loving home can do much to ease the pain.

If you can no longer look after your pet then we are able to provide

immediate and tender care in one of our Sanctuaries. Further, if you should have more than one pet then they will all be welcome.

Thereafter your pet will stay with us until we can find just the right home and owner to ensure a happy, loving environment for their future.

But fate ordains  
that dearest friends  
must part.

Edward Young

## Where there's a Will, there's a way...

Our passion for the care of all animals is funded largely by the generosity of members of the public through legacies.

Every penny raised goes towards the cost of running our Sanctuaries with, for example, the best of veterinary care and foodstuffs alone costing over £10,000 per month.

By remembering Margaret Green Animal Rescue in your Will, we do hope that it will ease the anxiety you may have with regard to the future care of your pet. In turn, your legacy will mean a great deal to us by helping to ensure that our vital work in animal welfare can continue.
